2. Distribute one of the "Persuasive Writing Mind Map" sheets to each child. Ask each child to consider the audience they would like to write to and to fill in their opinion sentence about spinach.  
For example: I believe that spinach should be served in the cafeteria more often. I think more schools should grow spinach in their school gardens. Spinach are the most delicious vegetable.
3. Instruct children to come up with at least three reasons that support their opinion and fill them into their mind map.
